

“Restoring Nature’s Relationships”

Dr. Douglas W. Tallamy
Professor of Entomology and Wildlife Ecology
University of Delaware

Riverfront Community Center
Glastonbury, Connecticut
April 3, 2019

PROGRAM

- 7:00 p.m. Welcome, Richard Sawitzke, President, LHC of Glastonbury, Inc.
7:10 p.m. Introduction, Charles Smith, LHC Board Member
7:15 p.m. “Restoring Nature’s Relationships,” Dr. Douglas Tallamy

Book signing hosted by River Bend Bookshop

Dr. Doug Tallamy is a Professor in the Department of Entomology and Wildlife Ecology at the University of Delaware. A renowned expert in the science of plant-insect interactions, he is passionate about helping people create wildlife habitat in their own backyards and gardens. In addition to his many scientific publications, Doug has written *Bringing Nature Home: How You Can Sustain Wildlife with Native Plants* and co-authored *The Living Landscape: Designing for Beauty and Biodiversity in the Home Garden*. These books help anyone with a small patch of soil find the best native plants for supporting an entire ecosystem of moths, butterflies, and the many birds that eat caterpillars.

PRESENTED BY

Land Heritage Coalition Of Glastonbury, Inc.
